SINGLE COPY 25¢

## Worries Again Peace Supervisors

June bills from the general fund was withdrawn by the board of supervisors when the county fathers themselves in a tighter squeeze than last month couldn't come up with money to meet obligations until next meeting.

Clairborne Laderne advised that June bills ran about \$7,688.78 for the month and included Chancery Court costs. He noted that when the court convenes in September, jurors must be paid by the day which poses the problem of putting enough aside to meet that.

Board President R. G. Hubbard, Jr., suggested that labor be put on the docket first so workers could get their pay and bills be met until existing funds were exhausted. He noted that Beat 5 Justice of the Peace Nellius Rhodes had turned in about \$1,400 in fines that morning.

Laderne indicated his general fund figure of \$4,435 as of June 30 was not on the nose since May accounts were not cleared until so late. The supervisors proceeded with May payments in anticipation of homestead exemption income but said frankly they don't consider the present outlook bright with little to fall back on.

Motion to hold June general county bills was offered by Beat 2 Supervisor L. M. Frierson, seconded by Charles A. Russ, Jr., of Beat 1.

June bills occupied the entire afternoon session with supervisors taking special note of advice last month from Paul Bacon of the state auditing department about requiring signatures on items allegedly delivered and recording those bills disallowed.

Supervisor James Necaise of Beat 4 moved to disallow a \$133.59 bill on his docket from Shaw Culvert and Road Co. on the ground the signature was not authorized. He also asked to hold for further check a \$851 item from Crosby Products; \$501.66 from Riley Culvert and Supply Co.; \$432.15 from Johnson Concrete Pipe; \$1,325.76 from American Bitumuls and Asphalt and \$275 from Bay Ready Mix, the latter because it appeared some seawall bills were on his list. Also disallowed was a \$30 payment from the pauper fund for care of Mrs. Artemesia Necaise (Cont. on Page 4.)

## Street Woes Vex Waveland Again

Do you have nightmares about streets? Waveland's town council must by now and in color. A delegation headed by Herbert Dicharry last night asked the town's help for Pine Street near the corporate limit. The group complained that the street had been removed drainage pipes crossing the street and replaced them with an inadequate pipe and that drainage ditching a subdivision on the country side of the line was causing water to flow over the street leaving stagnant water where they were breeding.

Mayor Garfield Laderne explained the town had not removed culverts and that it was without authority outside corporate limits. He added that he would see the location and confer with Beat 5 Supervisor R. G. Hubbard to see what could be done.

At the mayor's suggestion council voted to ask the Louisville and Nashville Railroad for use of land west of Waveland Cemetery for an extension of the public burial grounds. Wilbur Favre's pay was increased 15 cents an hour to \$1.50.

Resolution of Alderman Albert Bourgeois with Alderman John Garza also voting for the increase and Alderman Dominick Souther opposed.

Council authorized installation of an electric meter and light fixture at Elwood Memorial Park and reiterated the town's policy of charging the landowner for the pipe in making connections to the gas and water systems.

Six building permits totaling \$9,000 were approved as follows: Herman Yarborough, Dogwood Drive, frame house; Floyd A. Wallis, Beach Blvd., frame addition; E. Palmesana, Tide Street, frame addition; Mrs. Sara Macaluso, Surf Street, frame utility room; P. McGintigan, Annunciation Street, porch; and A. W. Newland, pier.

Minutes for June and the financial reports were approved, but one \$1,012.13 warrant to Frierson and Benson for 3-inch pipe was held over until next month on the advice of Laderne who thought the bill incorrect in amount.

## Some 700 Cars Not Inspected

An estimated 700 motor vehicles are still uninspected in Hancock County, according to a count taken from the five local inspection stations today.

Friday's deadline saw 3,116 autos which had passed inspection with only a few rejections. Since July 1 some 193 vehicles have gone through the inspection stations. N. A. Pernicaro reporting 55 since July 1, Sam Pernicaro 61, Batey's Service Station 50, Porter's Pontiac Service 10, and Gulf Chevrolet 17.

Sheriff Gerald Price stated that Mississippi Highway Patrol has given the word to pick up any vehicles without the proper inspection stickers. Price, however, will not begin his pick up until July 22, giving the delinquent owners more than two weeks to have the proper inspection.

"The extension is no excuse for driving around with faulty brakes," Price said.

## County School Eyes Purchase of Buses

Preliminary steps toward purchase of two new buses for the county school system were initiated by the board of education Wednesday afternoon at the request of County Superintendent K. G. McCarty.

On the motion of Alton D. Keller seconded by Lugin Necaise, McCarty was instructed to get prices on bus chassis from a number of area dealers. Prices on the bodies which are to have 66-passenger capacity are fixed by the state and Keller and Necaise both strongly advocated getting a Mississippi built product. It was indicated some information on prices will be available when the board reconvenes at 7 p.m. July 17.

McCarty said he plans to buy the new vehicles with cash on hand rather than seeking a loan. He explained to the Echo that nothing is due until October on the \$12,000 loan from the board of supervisors for two buses last year but he hopes to make the payment in the next few days.

Asked about previous transportation loans, he asserted, "I don't see why we have to cripple the current program to take care of somebody's past indiscretions," indicating payment on those notes was a matter for the supervisors and school board's attorneys to solve.

The superintendent reported on progress of summer bus repairs with Beat 5 Trustee Ed Ortte and Necaise, pressing for a concerted check now on operation with the holiday season rapidly passing. The board also discussed hiring a chief mechanic and putting him under bond. Ortte was asked to get an estimate (Cont. on Page 5.)

## Power Firm To Double Office Here

Plans are underway for expansion of Coast Electric Power Assn. headquarters building on U. S. 90 at a cost in excess of \$100,000. Manager H. H. Shattuck announced this week.

The power cooperative's board of directors at its June meeting approved preliminary plans for the proposal and authorized Oubre and Wagner, architects, to proceed with final drawings and specifications.

Shattuck said he hopes the architectural phase will be completed in three or four months so bids can be secured before the first of 1962.

The expansion calls for additional space for the accounting department, enlargement of the engineering department and addition of a wing for the newly created member services department.

An auditorium seating at least 100 persons is planned to the rear of the main wing which will be extended westerly towards Main Street. The auditorium will be made available for civic and public group meetings as well as for use by the association.

Vehicle storage space will be doubled and separate facilities (Cont. on Page 4.)

FIRST DEPOSIT - Mayor Garfield Laderne of Waveland is greeted as he makes the first deposit at the new Waveland drive-in branch of Merchants Bank and Trust Co. during its formal opening last Thursday by Miss Ethel Cox, executive vice president of the bank. Behind the mayor is Joe B. Burrow, cashier of the bank.

## Values in County Up 5 Per Cent

An overall increase of about five per cent in Hancock County's real estate and personal property assessment is reflected in the 1961 roles submitted by County Tax Assessor George Heitzmann to the board of supervisors Monday.

Depending on the sale of automobile licenses and the automobiles valuation in the fall Heitzmann said the county appears to be on the fringe of going into a new assessment. He estimated the assessment on autos will run about \$2 million and that on public utilities about \$3 million.

The personal property and real estate assessment now stands at \$9,278,488.79, up \$441,403 from last year's total of \$8,837,085. The figure on real estate rose about 3.6 per cent from \$8,395,988 to \$8,694,938 and that on personal property jumped some 32 per cent, from \$441,097 to \$583,550.73.

Heitzmann's new figures by beats with real estate listed first are:

Beat 1—\$843,080 and \$53,840; (Cont. on Page 5.)

RIBBON-CUTTING - Dr. Marion J. Wolfe, president of Merchants Bank and Trust Co., cuts the ribbon opening the new Waveland drive-in branch at ceremonies last Thursday afternoon. The Coleman Avenue facility is Hancock County's first drive-in bank.

## City, Brignac Ask BAWI Loan

E. M. Brignac, of Bay St. Louis, president of Industrial Electric Inc., today formally announced his plan to move its enameling division to Bay St. Louis. Mayor and Commission Council had Monday voted to apply to the Mississippi Agriculture and Industry Board for a certificate of public convenience and necessity for the industrial development of Bay St. Louis.

At today's meeting council authorized City Attorney Dan M. Russell, Jr., to draft a contract between the city and the corporation, details of which were tentatively agreed upon yesterday at a conference in New Orleans.

Brignac wrote the Echo "Mayor John Scaife, the City Council and several business men in Bay St. Louis have approached me on many occasions relative to locating a plant in the Bay St. Louis area under the BAWI program. Serious discussion has taken place during the past month and we have decided to move our architectural porcelain enamel division manufacturing operation to Bay St. Louis."

In a statement issued today Scaife said: "I feel that the project, if it comes to pass, will bring a new era to Bay St. Louis and will lay the groundwork for future industrial development. . . . And I have great confidence in the project."

One of the 10 largest producers of architectural enamel in the United States, the firm's proposed plant will contain about 50,000 square feet and may be located on Central Avenue about 1000 feet west of St. Charles Street, but this location, the Echo understands, is not definite. Expected initially to have 100 employees, the division anticipates a growth to 150 in two or three years.

Architectural porcelain enamel is used for service stations, office buildings, store fronts and other industrial purposes and its manufacture will cause no problems from dust, fumes or odors, according to company officials.

Industrial Electric was incorporated in 1929 and the enameling division started in 1945. In addition to its president, who lives here, two other company officials are former Bay St. Louis residents. Robert F. Coulbault is vice president and general manager of the enameling division and E. M. Brignac, Jr., is assistant vice president. Mrs. Laura Brignac Monteiro is secretary-treasurer.

## City Dads Take Oaths, Name Posts

Beginning their new terms of office found members of the Bay St. Louis Commission Council swamped with pressing business, most important of which was trying to settle details of the highly probable transfer of a branch of Industrial Electric Co. from New Orleans here.

After Chancery Clerk Clairborne Laderne issued their oaths of office Monday morning, council immediately delegated authority between the three as follows:

Mayor John Scaife, president of the council, police justice, superintendent of streets, public highways, lights, telephone, City Hall and fire department; Commissioner Warren Traub, commissioner of finance, tax collector, superintendent of water, gas, pound, and cemeteries, fees collector, and tax assessor; Commissioner J. Cyril Glover, commissioner of public utilities, vice president of the council, mayor pro tem, city clerk, superintendent of sanitation, water works and natural gas.

(Cont. on Page 4.)

## In Hancock County

### 4th Is Safe, Sane

Hancock County's 4th and visitors observed a safe and sane Fourth of July with only minor traffic and other concerns reported by state, county and city police.

Highway Patrolmen Charles F. Blanton and D. D. Cvitovich bagged a stolen car as the result of an accident Sunday on U. S. 90 near the intersection of Old Spanish Trail. Paul C. Verdon, Jr., of New Orleans was booked here with auto theft and was released to custody of the FBI in Gulfport after the 1959 Austin-Healy he was driving struck the rear of a 1960 Ford operated by Roy Muller, also of New Orleans. The patrolmen found the car to belong to Dr. Edward C. Norman of New Orleans.

Verdon and his companion, Charles Chick, booked at county jail for simple public drunk, were given emergency treatment at Hancock General Hospital for facial lacerations. Muller escaped injury. Damages to the Norman car were listed at \$500 and about \$200 to the Muller car.

No charges were filed against Sandra Marie Strick, 17, of New Orleans after her car struck a pickup truck belonging to R. A. Steelman of Hattiesburg Monday on U. S. 90. Blanton said that the girl lost control of the vehicle after she tried to avoid an unidentified car which cut in front of her. The car left the highway and hit the truck after she returned it to the road. Each vehicle received about \$150 damages.

(Cont. on Page 5.)

## L&N Service Cut Delayed Indefinitely

Officials of the L and N Railroad must have had a change of heart as a service cut planned July 1 has been delayed indefinitely.

A spokesman at the local station reported that all three operators have been retained and it was not known how long, if ever, the two scheduled to be released in an economy move would remain.

City, county officials and civic leaders had appealed last week again to the railroad to keep the station open on a 24 hour basis as formerly done but were denied the request.

## Bill's Store Opens

Bill's Dollar Store had its grand opening today with a glass sale celebrating the event. Formerly Olen's Dept. Store, the store was sold in late May to E. Walker Stores, Inc., a Mississippi owned firm with headquarters in Columbia.

## Miss Bay St. Louis Pageant

# Sue Breath Wins Title

Sue Breath daughter of Mr. and Mrs. Charles A. Breath, Jr., captured the title of Miss Bay St. Louis Saturday night in the city's second annual Miss America preliminary pageant. First and second alternates were Linda Lee Normand and Virginia Breland respectively.

Saturday's activities began at 1:30 p.m. with a parade through the streets of the city, terminating at the home of Mrs. Bert Steffel on Carroll Avenue where the contestants and judges met for an informal tea.

A capacity crowd filled Bay High School gymnasium at 8 p.m. to witness pageant ceremonies which included bathing suit, talent and evening gown competition.

Winning talent was Miss Breath's pantomime of a Carol Burnett record Adlai's Lament. Miss Normand modeled fashions, some of which she made herself and Miss Breland did a Charleston and vocal rendition of Daddy I Want A Diamond Ring.

Climaxing the evening was the presentation of the three finalists and their quizzing by New Orleans TV personality Henry Dupre. Each contestant was asked two questions, one concerning the world situation and the other a test of ingenuity.

A panel of six judges, including Dr. Ernest Carmouche, affiliated with the Veterans' Administration Hospital at Biloxi; Dr. Charles M. Warr, oral surgeon from Knoxville, Tenn.; Dan Russell, Jr., of Cordova, Ala.; Diamond Jim Moran of La Louisiana Restaurant in New Orleans; Max Lyon, executive director of Biloxi House-

ing Authority, and Mary Jo Sternburg, Gulfport model and interior decorator; and judges' auditor Reese Price, pawnshop firm distributor, made its selection from among the three finalists.

Crowning the winner was Mayor John A. Scaife who also declared Saturday as Miss Bay St. Louis Day. Presentation of the sceptre and winner's trophy was made by Mrs. William Barrett, formerly Miss Carol Johnson, Miss Bay St. Louis of 1960. In addition, Miss Bay St. Louis received gift certificates from

nine local merchants and expenses paid to the Miss Mississippi Pageant, Aug. 2-5. Both alternates received lovely trophies.

An informal party in honor of the contestants followed the pageant at the Joyce Hall.

Miss Breath is a June graduate of St. Joseph Academy and plans to attend Mississippi Southern College in the fall where she will major in elementary education, specializing in the teaching of retarded children. She is (Cont. on Page 4.)

LEO W. SEAL

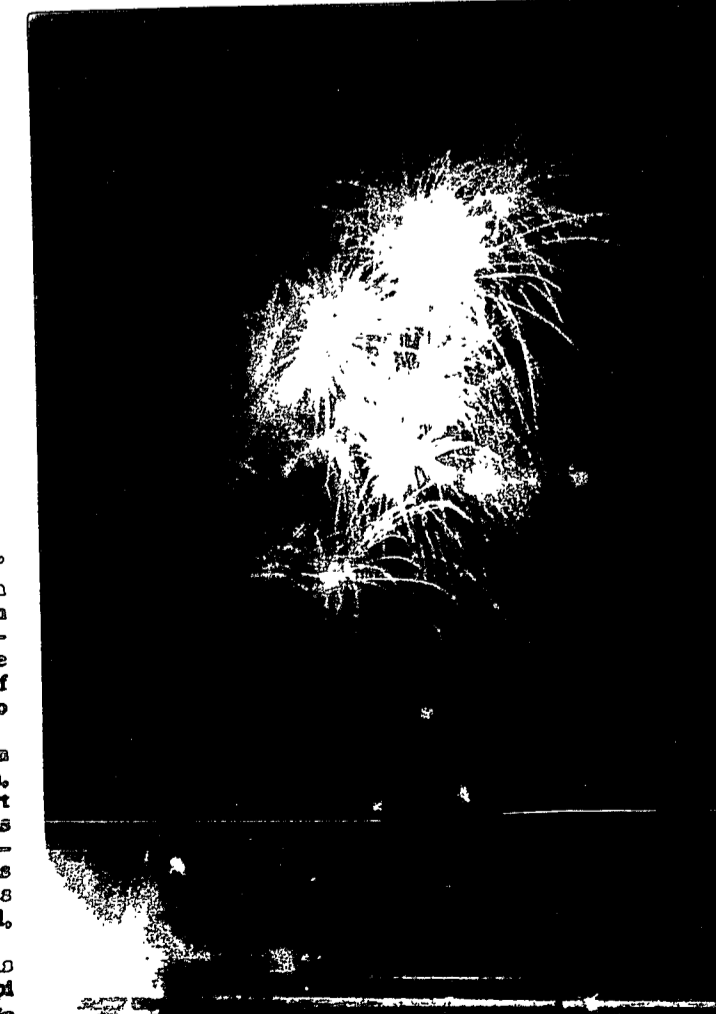

## King Neptune Title Goes to Leo W. Seal

"Very well deserved indeed," were the words Jim Reese of a Gulfport radio station spoke when he crowned Leo W. Seal, president of Hancock Bank, Neptune II as part of the festivities of the Mississippi Deep Sea Rodeo Saturday night in Gulfport.

The honor was bestowed on the prominent Bay St. Louisian, nominated by the Gulfport Jaycees, in recognition of his distinguished service to the Mississippi Gulf Coast. He was chosen from eight other nominees including his son, Leo W. Seal, Jr.

Born here in 1930, Seal is a 1911 graduate of Mississippi State University, then Mississippi A and M. He is a member of the Main Street Methodist Church, a 32nd degree Mason and is listed in America's Who's Who.

## Best News

About the best local news we've heard in a long time is the very real prospect that the Engineering Division, Industrial Electric, Inc., will move its operation to Bay St. Louis. Mr. E. M. Brignat, president of the corporation and a long time Bay resident, has notified the Echo of the firm's decision to move here under the Balance Agriculture with Industry Program of Mississippi.

Nevertheless, there can always be slip-ups. The most obvious one could be leakage of our voters in turning out and voting for the necessary bond issue. Also, calamity as it is, the state might turn down the city's application for the BAWI bond issue and the city might even fail to make such application.

It's still the best news for the prosperity of our area we've heard in a long time.

## Good News

Associated this week is another indication of the potential growth of Hancock County, this time in its more rural areas. Coast Electric Association has decided to double the size of its main office on U. S. 90. (See architect's drawing on this page.)

While this does not mean any immediate increase in the approximately 30 people currently employed here by the co-op, it does indicate the faith of that organization's board of directors in the business' growth.

Many of us feel that co-ops perhaps have an unfair tax and financing advantage, but they perform a needed service. The growth of Coast Electric is good for Hancock County.

More good news.

Seems to us more cars and people were in the Bay-Waveland area last week-end than in three years. Wonder if the increase in the number of our recreational facilities, such as bowling, Go-Kart tracks and roller skating added to traditional water sports, had anything to do with it?

## As Other See It

### The Role of the Newspaper

The circulation of newspapers in the United States is an all-time high - 59 million daily. This is a sign that the country is healthy, too, for growing newspaper almost always indicates a growing community and state.

Most newspaper readers realize that the American press is an integral part of any community, performing a wide variety of services in addition to informing and entertaining the public.

Newspapers, said Mark Ferron, president of the American Newspaper Publishers Association at a recent convention, promote "better government, public health, the welfare of young people and education of the distressed."

Commenting on the newspaper's role in the community, the Augusta Herald recently said: "We doubt whether any community could prosper without newspaper support of its Chamber of Commerce, its local business activities, sports, Red Cross, 4-H clubs, United Fund, its schools and churches, veteran services and numerous other activities."

But perhaps the most penetrating appraisal of the newspaper came from a six-year-old girl who wrote to an editor in California the following:

(EDITOR'S NOTE: What about wrapping fish, P. G.)

## Lawn Mowing Safety Tips

By now everyone in this area has already had several swipes at lawn mowing. Even so there are several months of grass cutting ahead. Now that we've cheered us up, we'll proceed to pass along some helpful tips to safer operation of a power mower.

Steadies of accidents with power mowers show that injuries to

feet are more frequent than to any other part of the body. Next are injuries to hands, followed closely by eye injuries. The most common cause of the chief victim, however, is children playing nearby have been injured by being struck with stones, glass and metal picked up by the spinning blade. Safety tips suggested by Dr. Smith are:

1. Keep the area to be mowed clear of children, pets, toys, etc. 2. Wear safety goggles over eyes and feet. 3. Never touch machine parts while

the mower is operating, never leave it unattended and running, and on electric mowers use all precautions for proper grounding and maintaining wires.

"Finally," Dr. Smith urges, "don't drink while working. A lot of doctors and cutting grass can be dangerous when you're not in shape, so take it easy. That's just what we'll do. No point in straining, you know."

BEAUMONT (TEX.) ENTER- PRESS.

## My Favorite Prayer

GEORGE WASHINGTON

First President of Our Republic  
All Mighty God—use our common prayer that Thou wilt keep the United States in Thy holy protection; that Thou wilt incline the hearts of our citizens to cultivate a spirit of subordination and obedience to government; to cherish brotherly affection and love for one another, and for their fellow citizens of the United States.

## Merchants Ask Banks to Open On Saturdays

No action was taken by Merchants and Bankers of Bay St. Louis on Saturday morning. A request by representatives of the Bay St. Louis Merchants Association for Saturday morning opening.

At a meeting Friday, Joe Barrow and R. L. Hamilton, representing the banks, explained to the merchants group that all banks along the coast have an agreement to close Saturday mornings and have for 67 years.

They agreed, however, to consider the possibility of granting the request which was made by the merchants as a concession to the community.

## Elwood Park Due Proceeds From Rodeo

The Elwood Memorial Park fund will receive a check from proceeds of the annual Rodeo to be presented at the Lazy Y Stables of Betty Younger on July 27-30 at the Lazy Y Arena. The rodeo, presented by the Interstate Rodeo Assn., features only professional performers.

Mrs. Winthrop Baker, chairman of the park fund, announced that a preliminary meeting was held at Waveland Town Hall at Monday evening with co-chairmen, Mrs. Fred Bourgeois and Mrs. Herman Mazarakis, Mayor Garfield Ladner, Miss Younger and Eugene Dowdy and Gaylon Cox of the Tri-State Cattle Co., West Monroe, La., both of whom will assist in directing and participating in the rodeo.

Advance tickets will sell at \$1.25 for adults, 60 cents for children. Gate prices will be \$1.50 and 75 cents. Members of the Lazy Y Drill Team will assist in the sale of tickets.

Profits from the rodeo will be used to purchase playground equipment, lights, bleachers and other much needed equipment for the park. Elwood Bourgeois, for whom the park was named, was listed missing in action and presumed dead following World War II. He was the son of the late Tom Bourgeois, former mayor of Waveland, and Mrs. Bourgeois. A formal dedication of the park is planned when the check is presented to the fund.

Local winners were E. J. Ladner son of Mr. and Mrs. Coburn Ladner of Ansley, Frank and Johnny Miller sons of Mr. and Mrs. John Miller of U. S. 90, O. V. Ladner, son of Mr. and Mrs. Orris Ladner the show's sponsors. Also Bud Moran, son of Mr. and Mrs. Reginald Moran. Other winners were Rocky Rhodes, John Bosarge, Sharon

**ROTARY INSTALLS** - W. Ray Gordon, center, accepts the gavel as incoming president of Rotary Club from Dr. Walter P. Russo, retiring president. At left is Carl Smith, reelected for his umpteenth term as secretary-treasurer.

## YUM YUM - Small fry eagerly await their portions of fried fish Saturday afternoon at Elwood Memorial Park in Waveland.

Sponsored by Boy Scout Troop 210, of Waveland Baptist Church, the event attracted a large crowd of adults and children, many holiday visitors. James Lawhorn, scoutmaster, expressed thanks to those who helped make the fry a success. (Fayard photo)

## Oilers, Pennies Little League Debut Sunday

Little Leaguers, ages 8-9, will move into action for the first time at 7 p.m. Sunday. The Cue Oilers and Merchants Bank Little Leaguers, the two teams in the league, will play their first game at that time. Mrs. Theo Tudury, chairman of the Parks and Playground Commission, announced that the two teams will probably play each other two or three times a week during the season. Charley Tarver will coach the Cue Oilers while the Little Pennies, as yet, do not have a definite manager. Mrs. Tudury also reported that lessons are still being given Friday nights and that there is a need for more instructors. Anyone interested is asked to contact Mrs. Tudury.

## County Schools Get U.S. Aid

Following closely the telegram received last week by Superintendent of the Bay St. Louis Municipal Separate School District was one received this week by County Superintendent of Education Kenneth G. McCarty from Congressman William Colman, advising him that approval has been granted by the U. S. Office of Education granting a tentative entitlement of \$4,414 for assistance to county schools. Immediate payment of \$3,310 has been authorized to schools having students whose parents are employed in federal installations in accordance with Public Law 874. Issued on the basis of \$80 per student, the grant is earmarked for maintenance and salaries.

## Mrs. J.V. Bontemps

Final rites were Wednesday in Biloxi for Mrs. J. V. Bontemps, 51, who died there at 12:40 a.m. Tuesday after an illness of eight months. Burial was in Southern Memorial Park.

A native of Kila, Mrs. Bontemps had lived in Biloxi for the past 21 years.

Surviving are her husband; a son, Kenneth; three brothers, Edwin, Curtis, and Harvey; three sisters, Mrs. Lee Fuentre of Piquette, Mrs. Petronile Garcia of Pass Christian, and Mrs. Edna Necaise of Bay St. Louis.

## W.M. Newsom

Funeral services were Monday in San Angelo, Tex., for William F. Newsom, 93, who died at 4:30 p.m. Friday at his home at 116 Sycamore St.

A retired railroad worker, he had lived here for about a year and was a native of Tennessee.

He is survived by two sons, Albert L. Newsom, Bay St. Louis, and Carl Eugene Newsom, Odessa, Tex.; one daughter, Mrs. Stella Powell, San Angelo, Tex.; and a number of nieces and nephews.

## Mr. and Mrs. Jones

Word has been received here of the deaths of Mr. and Mrs. Fred Jones, formerly of 105 Union St., which occurred late last year in Jacksonville, Fla., where they had been making their home in recent years. Mr. Jones died last Nov. 23 and Mrs. Jones succumbed Dec. 9. Surviving is a son, Ross Jones, who is associated with a hotel in the Florida city.

## LAKESHORE LOG

HO 7-5816

BY MRS. MALCOLM GREEN

The horse show at Gulfview Arena Sunday was the biggest and best held in these parts, to date with 19 events and contestants from Alabama, and Central Louisiana.

Local winners were E. J. Ladner son of Mr. and Mrs. Coburn Ladner of Ansley, Frank and Johnny Miller sons of Mr. and Mrs. John Miller of U. S. 90, O. V. Ladner, son of Mr. and Mrs. Orris Ladner the show's sponsors. Also Bud Moran, son of Mr. and Mrs. Reginald Moran. Other winners were Rocky Rhodes, John Bosarge, Sharon

Get well wishes to Dot Weathers, who underwent major surgery Monday; also to Mrs. Floyd Green and Mrs. Warren Garcia who are sharing a room in Hancock General.

Mr. and Mrs. Jacob Schwartz and two children of New Orleans, have been over for a week getting the foundation ready for the house Jake is building in back of brother-in-law, Warren Garcia.

## KC Officers Are Installed Monday

E. C. Fayard, Deputy of District 5 of the Knights of Columbus, installed new officers Monday night assisted by past deputy A. U. Dubuisson.

The 1961-62 officers of Pere LaDuc Council 1522 are Gerard Freeman, grand knight; Curtis Matherne, deputy grand knight; Eugene Monti, chancellor; Irwin Bontemps, recording secretary; Edward Murtagh, treasurer; Warren Buehler, advocate; Sylvester Benigno, warden; Rev. Kevin Reid, chaplain; Anthony Morreale, inner guard; Sam Comprette, outer guard, and E. J. Marengo, trustee for a three year term.

A banquet planned for after the ceremonies was postponed until July 17 because of the holidays.

## Assessments...

(Cont. from Page 1.)

Beat 2--\$453,363 and \$13,450; Beat 3--\$322,975 and \$5,150; Beat 4--\$855,645 and \$6,665; and Beat 5--\$6,219,875 and \$504,445.73.

The supervisors accepted Hatzmann's roles and began their routine day-to-day sessions today to consider equalization requests until July 24, eight days before the first August meetings when the books will be opened for public inspection.

## Appointments Told

Six new appointments have been announced by Very Rev. Robert C. Hunter, SVD, head of the Divine Word Missionaries in the South.

Rev. John Bowman has been named assistant provincial. Rev. John Gasper has been named to the province's board of directors. Rev. Robert of Sacred Heart Parish at Greenville to found a mission center in New Orleans.

Rev. John Mustinsky who headed the Divine Word Seminary at Techny, Ill., has been named head of the school of theology here to replace Rev. Carlos Lewis, who has been named to the seminary here.

## School Buses...

(Cont. from Page 1.)

The board declined to approve any June bills until all are properly checked and signed, expressing some question about delivery of items and whether statements presented had been paid previously. Trustee S. P. Powell noted the board had taken opposition on this before and should follow it up.

McCarthy told Chairman Charles B. Murphy he expected to have the 1961-62 budget ready for the July 17 session when it should be known whether sale of the Sellers School was successful. Taft Shaw of the North Central faculty was asked to present more information at that time on driver education course. Also deferred was the matter of a blanket insurance program with Orte suggesting an insurance man in authority go over recent proposals with the board.

## Waveland Water Projects Okeyed

Waveland's water system was given approval by the state and a detail in providing better gas pressure was okeyed by the federal government last week.

Mississippi State Board of Health, after examining the town's water and water system, reported by letter that it had no recommendation for change, and the Secretary of the Army authorized a temporary 2-inch gas line below the bridge at Bayou LaCroix which will be used while a 3-inch main is being laid and Army approval was necessary because the line will cross navigable water.

Members are reminded of the dinner at Our Lady of Gulf School on July 9 which will mark the beginning of the church fair activities.

## Clearance Seen Of Title Tangle

A tangle in titles will finally be cleared and application for patents for land in Lot 2, Sec. 25, have been approved by the Bureau of Land Management of the U. S. Dept. of the Interior, according to Lucien Raymond, local surveyor.

Upon approval clear titles will be given to the owners. Through an oversight, the lands had never been taken out of U. S. ownership.

The area involved, lying on both sides of U. S. 90 from Washington St. to Easterbrook approximately, effects Benigno's Motel, Drive-In Theater, Flamingo Cafe, Brenda's Gift Shop, Parker's Service Station, Lone Pine Nursery, Driftwood Motel, Seaford's Service Station, Wheel Inn Cafe and Service Station, Highway Gift Shop, Pine Haven Motel, Charlie's Barber Shop, Bird Realty and Donald Duck Farm.

Ramond observed that time

## Safe, Sane 4th...

(Cont. from Page 1.)

Sheriff Gerald V. Price reported that other than a few speeders his department investigated only one mishap, A. V. Allain of Jeanerette, La., was put under \$1,000 bond after he was arrested near Biloxi and charged with leaving the scene of an accident and reckless driving. The charges were filed after his car sideswiped a car on U. S. 90 about two miles west of here Monday. Allain told the sheriff he didn't realize the extent of the damages listed as about \$150 to each car.

## VANDALS' HANDIWORK

John McDonald points to shattered pane (outlined in black) on new front of W. A. McDonald and Sons store which was discovered Saturday morning. A \$100 reward has been offered for information leading to the arrest and conviction of the party responsible. McDonald estimated it would cost about \$300 to replace the plate glass which was installed only a few weeks ago.

## Teen times

The Fourth of July weekend went over with a bang in many ways than one. There were picnics, barbecues, fairs, swimming parties and fireworks, fireworks and more fireworks.

For lucky Sue Breach, Miss Bay St. Louis of 1961, Saturday was the big day—the festivities started with a convertible parade at 1:30 p.m., followed by a tea and were climaxed at the pageant at Bay High gym. Sue was crowned with a three-foot trophy, clothing, jewelry and cosmetics donated by local merchants and an all expense paid trip to Vicksburg in August, where she will live with other winners for the Miss Mississippi title.

A savings bond, a gift of the Jaycees and Jayceettes, also went to the winner, Linda Lee Norman, and Virginia Breland, first and second alternates each received a trophy.

Lynn Rose, Sandra Seuzemann and Christy Torgersen had the time of their lives participating as princesses in the Gulf Coast Deep Sea Fishing rodeo last weekend. Last Tuesday the princesses and queen left Gulfport bright and early for Mobile where they appeared on the TV show poolside. They were entertained at luncheon at the Admiral Semmes Hotel. They spent Wednesday night at the home of Beth Daniels in Gulfport to enable the group to depart at 6:15 a.m. for Jackson, where they were welcomed by the acting governor and enjoyed a cake in the governor's office, visited the Department of Game and Fisheries, the Wild Life Museum, lunched at the Sun and Sand and visited the Governor's mansion where they donned the costumes of the South American Countries each represented in the Rodeo. Sandra wore a Guatemalan dress, Lynn a Honduran frock and Christy a Mexican outfit. Their pictures were taken frequently. Friday night they attended a dance at the Markham Hotel, and Saturday night each girl was crowned by the mayor of her home town. Monday night a banquet was held in their honor at Fairchilds and Tuesday a dinner at the Edge water Gulf Hotel, attended by

## Legion Fair Said Success

The American Legion's annual Fourth of July fair, major fund raising event for the Christmas party for the children of Hancock County, ended an estimated \$1,500. General Chairman John Rutherford, Jr., estimated yesterday.

Final figures will not be available until all bills are cleared and unused items returned. Winner of the 50 pound cake was Horace Verta while Judy Tocco won the doll.

Rutherford expressed appreciation to all fair workers and those who made contributions. He said he believed this year's fair was bigger than any previous one despite the fact there were a number of conflicting events the same time.

## 7 To Attend 4-H Congress

Departing Tuesday for Mississippi State University to attend the 4-H Congress and visit for state leaders in various fields will be seven county youth representatives accompanied by John W. Smith, county agent.

Four, all students at Hancock North Central School, comprise the dairy judging team and are Lowell Moran, Michael Seal, Richard Lee, and Robbie Shaw. Donald Keenem has entered the timber estimating and forestry category; R. B. Shaw, tractor driving, and Carl Moran of Kih and Mississippi State, the cooperative business speaking contest.

## Bonfire Tradition Spans 40 Years For Robert Family

Many families have traditions and an interesting one carried on by Mr. and Mrs. James Robert for the past 40 years is their Fourth of July bonfire on the lawn of their home at 608 Beach Blvd., Waveland.

Joining them in the festivities this year were their son and daughter-in-law, Mr. and Mrs. Kearney Robert, of New Orleans and Waveland, and their children, and a host of neighborhood youngsters attracted by the roaring fire and the appetizing smell of roasting wieners and marshmallows.

Before the construction of the new wall, the Robert's children spent hours collecting driftwood off the beach for the fire. But after the seawall was built, the beach was eliminated and they had to move onto their lawn.

family at their home on Amor Ave. — carry to hear about the loss of the Robert's boat and motor in the recent rough weather.

Recently, Nancy, Roy and June Lilly are spending some time at their summer home on Farrow Street.

Terry Ryan was a weekend guest of the Ferrys. Terry, Gene Ferry, Billy Bradford, Mackie Trelles, Brother Penrose, Mary Lou Herlihy, Jane Ferry, Rip Kennedy and Kenny Develle tried out the new lawn at the bowling alley over the weekend. Gene and Brother forgot to change from bowling shoes, left their own at the alley and with slightly red faces were forced to return home.

Clyde Bourgeois is now coming the employed—he's working at Colours.

Peter Peterson had as weekend guests three Sigma Alpha Kappa fraternity brothers, Dennis Yeager of Fort Worth, Texas, Joe Walker of Baltimore, Md., and Richard Kelly of Terre Haute, Indiana. The boys, all students at Loyola, had a wonderful time swimming, fishing, water skiing and eating Mrs. Peterson's good home cooking.

## Bay Legion Juniors Find Going Rough

Piscayne's American Legion junior baseball team cut off several Bay St. Louis rallies and took an 8-5 victory over the locals Wednesday afternoon at St. Stanislaus Stadium.

Pitcher Roddy Henley allowed Piscayne only seven base hits but Piscayne pitcher Jay Carroll gave Bay batters only six safeties.

Piscayne took an early lead and never trailed, although at one time, their lead was cut to 4-3, thanks mainly to a bases-running slip-up on Bay St. Louis's part that turned into two Piscayne errors and two runs.

Charles Rhodes, Jr., led the local attack with two hits in three trips to the plate. First baseman Richard Schaefer had two hits in four bats, also for Bay St. Louis.

Carroll was the winning pitcher for Piscayne and Henley was charged with the loss.

Last Friday the local squad met a tough Gulfport team there and dropped both games of a doubleheader, 10-1 in the opener.

## Building Permits

A total of \$52,225.00 in building permits were issued from the office of City Commissioner of Utilities J. Cyril Glover during the three weeks ending July 5 as follows:

Lawrence L. Karpodien, erect residence on Leopold Street; M. A. Phillips, Jr., repairs on North Beach; Siles Wright, addition at 449 Eastbrook; Frank L. Wolff, remodeling house at 1411 Dunbar; Rosa Hall, repairs on State Street; North Bay Shopping Center, Inc., addition on U. S. 90 at Umatz; Latham Garriga, a porch on North Second; Emma Elmsdalen, a carport at 122 Felt; George Bayli, repairs to structure on Leopold Street.

## James Sabella Enlists in Army

James A. Sabella, Jr., a 1961 graduate of Bay High School has enlisted in the Army and is now undergoing basic training at Ft. Jackson, S. C.

He is the son of Mr. and Mrs. James A. Sabella of Bay St. Louis. Upon completion of his basic training, James will then be trained in the field of Army administration.

## Monday Sailing Is Heavy

Although the new GP-14 boats are busy competing in Race Week at Gulfport, there was plenty of activity at Bay-Waveland Yacht Club with ten races sailed over the long Fourth of July weekend.

Jimmy Gilly won Saturday's A class race, his third straight win. Bill Charbonnet was second, Bill Eagan third, and Ray Stiefel fourth.

Maureen Quigley won Saturday's junior race with John Heath second, Dean Taylor third, and Jay Sewell fourth.

In the skipperette division, Chee Charbonnet finished strongly to win with Dianne Taylor second. Peggy Eagan was third and Jean Reeves fourth.

Sunday's activity saw Bill Reeves win the first expert race. Bert Quigley was second, and Jack Gordon third. Harry Chapman was fourth, Carl Marshall fifth, and D. Preston sixth.

A second expert race was won by Bert Quigley with C. C. McDonald second, Harry Chapman third, and Carl Marshall fourth.

In Sunday's Class A race, Dick Reeves won with Walter Chamberlain second, Billy Eagan third, and Ray Stiefel fourth.

John Heath defeated three rivals in winning the junior race. Maureen Quigley was second, Dean Taylor third, and Jim Gilly fourth.

Tuesday's activity was highlighted by a novelty race for juniors. Contestants had to swim from the wharf to their boats, anchored in the water, rig the boats and begin the race. Dean Taylor won the event with Mike Reeves second, Jim Gilly was third, Jay Sewell fourth, and John Heath fifth.

Dick Mestayer, III, won one of Tuesday's other junior races. John Heath was second, Sarah Dale McFarland finished third and Richie Eagan was fourth. Another junior race was won by Maureen Quigley. Dean Taylor was second and John Heath third.

Dick Mestayer, III, won one of Tuesday's other junior races. John Heath was second, Sarah Dale McFarland finished third and Richie Eagan was fourth. Another junior race was won by Maureen Quigley. Dean Taylor was second and John Heath third.

## Scoops, Fahey Victors

The Sea Coast Echo Scoops ran their winning streak for the season to seven Sunday afternoon as they walloped Al Summy 13-1. In the other game of the doubleheader, Fahey Drug came from one run behind to beat Youth Center 4-1.

The Scoops led all the way in posting their 14th consecutive win over the past two years. They used a combination of walks, base hits, stolen bases, and Summy errors to walk away with the win. Ace pitcher Danny Henry pitched well in getting credit for the win on the mound. Left-hander Sam Allison was the losing pitcher for Summy.

Pitchers Leslie Blaize and Mike Strong of Youth Center and Fahey, respectively, were hooked up in a 0-0 pitching duel until the fourth when Youth Center pushed across a run. A walk to Martin Morreale, a error, and a two-run single by Doc Rhodes gave Fahey the lead in the bottom of the fifth and they added two insurance runs in the sixth on a walk to Luther Lader, Jerry Thomas being hit by a pitched ball, a single by Walter Gagnon, and an error. Strong was the winning pitcher and Blaize was charged with the loss.

C. J. Maffray led the team at the stick, his hits including a double and a home run. Alton Lader pitched for Kih and got credit for the victory.

Kih also played in the Sellers tournament last Sunday but ran into stiff opposition in the first round and were beaten. Recently, however, they captured trophies four weeks in a row in tournament play including a first place finish in both the Dedeman and St. Williams tournaments and a runner-up trophy in the De Little tourney.

Kih plays Popcorn Constables next Thursday in Pass Christian and the Kih Youth Center team in the Bay St. Louis Softball League in the league-leading Trapp Wednesday night here.

You've seen her on television, read about her in the papers, NOW SEE HER IN PERSON INDIAN HEALER AND ADVISOR

Touch of her hand will heal you. Sister Ann has the God-Given Power to Heal by Prayer. Everyone welcome, white or colored, at Sister Ann's Home. What you see with your eyes, your heart will believe. Are you suffering? Are you sick? Do you need help? Do you have bad luck? Bring your problems to Sister Ann today and be rid of them tomorrow. She advises on all affairs of life. There is no problem so great she can't solve (how to hold your job, when you have failed and how to succeed—calls your friends and enemies by name without asking you a single word, and reunites the separated).

Upon reaching womanhood and realizing she had the God-given power to help humanity, Sister Ann has devoted a life to this work. From the four corners of the world they come to her — White and Colored — men and women of all races and walks of life. Guaranteed to remove evil influence and bad luck. There is no pay for those knowing they are in hard luck and need help and do not come for it — one visit will convince you. (She gives lucky "days and hands.") Lifts you out of sorrow and darkness and starts you on the way to success and happiness. Sister Ann is here for the first time. Sister Ann invites you to her home. ## Trapp's Knock Southern Red

Trapp's Knock, arriving for an undisturbed season, passed one of their biggest tests Wednesday night when they defeated Southern Red 4-3 for their sixth win of the year.

The night's action was a close one, with Trapp's leading 3-0 in the bottom of the first when Strong pointed into center field for a home run. Southern Red scored in the Mayfield inning, but Trapp's unearned runs in the third and fourth innings kept them in the lead.

In the fifth inning, Southern Red scored on a home run by Lader, but Trapp's error in the sixth inning kept them in the lead.

Trapp's 9-7 lead was costly errors in the bottom of the sixth inning. Yarbrough was the batter and Donald Cole was the pitcher. Though allowed to pass the third base, the defense was in the lead.

In the seventh inning, Center took a 4-3 lead in the first inning, but in the third, when the score was 4-3, the lead was narrowed to 4-3 in the seventh inning.

Alton Lader was the pitcher and Red Dumas was the batter. The win moved Trapp's record to 6-1 in the league with Coast Echo.

Friday night's action was a close one, with Trapp's leading 3-0 in the bottom of the first when Strong pointed into center field for a home run. Southern Red scored in the Mayfield inning, but Trapp's unearned runs in the third and fourth innings kept them in the lead.

In the fifth inning, Southern Red scored on a home run by Lader, but Trapp's error in the sixth inning kept them in the lead.

Trapp's 9-7 lead was costly errors in the bottom of the sixth inning. Yarbrough was the batter and Donald Cole was the pitcher. Though allowed to pass the third base, the defense was in the lead.

In the seventh inning, Center took a 4-3 lead in the first inning, but in the third, when the score was 4-3, the lead was narrowed to 4-3 in the seventh inning.

## Angling With Jimmy Biting Better

BY GIANETTA

Large specks are coming in and biting extremely well at Jack's, the Keys and at Half-Moon. A few have been caught off the railroad bridge but are still kind of small there.

The car bridge seems to be the likely spot for a lot of action. Specks, and sheepshead are biting during the early hours of the day.

Fresh water fishing is picking up a little even though the rain has been in most bays and streams a little muddy. There have been more flounders and soft crabs out on the bank this week. Lights were strung from the inside of the Yacht Club to the edge of Bayou Caddy.

Hard crabs seem to be biting out on the car bridge, train bridge and the Municipal pier.

The new hunting and fishing licenses are in and you can purchase them from the game warden or from your favorite sporting goods store.

### New Bait

Mr. C. F. Mitchell just back from a 10-day vacation in Florida says some fishermen there use balls made from the dough of biscuits to catch different assortments of fish and crabs. Frank Grosch, a regular fisherman from New Orleans, caught a 30 lb. drum off the car bridge early Saturday using fresh shrimp. He only a 30 lb. test line he struggled with the monster for about an hour until he could get an oversize crabnet under him. Carville and Richard Schaefer, Jack and Johnny Kramer and several others would try a little night fishing last Friday and would catch a nice mess of fish out on the car bridge.

Kingston tells us of his experience with the boat load of Al and Perry Quintana landed at the keys the other day. Al and Perry filled two bushels twice, one old army raincoat and the limit. John Mollere caught 20 green trout, a few perch and a couple of redfish. Robert of Waveland on Monday caught a 10 lb. speckled trout, his total catch was about 90 large ones, but he was bigger. Took all day but was worth it.

Even experts in any line make mistakes. Last week two of Bay-Waveland's sailing instructors, in a run from Gulfport, seven hours after being the here were off Pass Christian Yacht Club.

### Trout All Over the Place

John Ladner went up Bayou Coward this week and caught a 3 lb. green trout and about 10 nice blue gills. He was using a fly rod and a purple spider which he bought in Gulfport the day before. John Hayward went out to the Keys the other day and raked up the speckled trout, his total catch was about 90 large ones, but he was bigger. Took all day but was worth it.

Charles Davis caught a big pile of crab bait off the Municipal Pier Monday night. It was a 4 1/2 ft. long gar weighing 60 to 70 pounds.

Judge Rene Viosca and his grandson, Wayne Bertlam, caught a big trout weighing 3 lbs. and over, at the Keys Saturday morning.

Speckled trout must have been quite cooperative Tuesday at Half-Moon. Lawrence Jacobi and Vic Alme boasted nearly 50 (47 to be precise). Most of them were pretty nice size.

## Yarborough Hurling Performance Tops

Claude Yarborough turned in his best pitching performance of the season Monday night in Bay Waveland League action as Tramp's whitewashed Coast Electric 11-0 in the nightcap. A single by Chester Ladner in the fourth inning proved to be the only hit off Yarborough as Tramp easily won their eighth contest of the year without a loss. Yarborough was the winning pitcher and Cecil Ladner was the loser.

Krankey held onto fourth place in the league with their win although the Old Stars gave their best performance of the season. Krankey's broke a 4-4 tie in the fourth to take a sizeable lead. Trailing 11-7 going into the sixth inning the Old Stars scored twice in the game was called an inning short because of the time limit. John Perkins was the winning pitcher and helped his own cause with a home run. Red Davis was the loser.

### 4 From Here Hold Leads in Race Events

Capt. J. W. Clark, Basil Kennedy, and Chuck Breath, all of Bay-Waveland Yacht Club, held leads in their respective divisions in Gulfport during Race Week through races called Tuesday, July 4.

Captain Clark is racing in the Dragon division and holds a slim lead in the series. He has 27 1/2 points to 27 1/4 for his nearest rival, Henry Finkle.

In the GP-14 class, Basil Kennedy scored a first in Saturday's opening race and a second in Sunday's race to hold a slight lead over Leslie Peppardene, also representing Bay-Waveland, who was third Saturday and first Sunday. Also competing in the GP-14 class from Bay Waveland are Sarah Dale McFarland, Ann Clark, and Billy Piscalra.

The five-race series will be concluded Thursday and Friday. The third race, scheduled for Monday, was rained out near the finish as squally weather caused several boats to capsize. Chuck Breath through Tuesday.

High team three games series, Orrie's Lucky Strikes, 1-0; single game, Orrie's Lucky Strikes, 6-6; high individual three games, Bruce Cox, 3-0; Mike Poindester, 3-1; Steve Poindester, 1-1; single game, Steve Poindester, 1-1; Lee Elliott, 1-1; Bruce Cox 1-0.

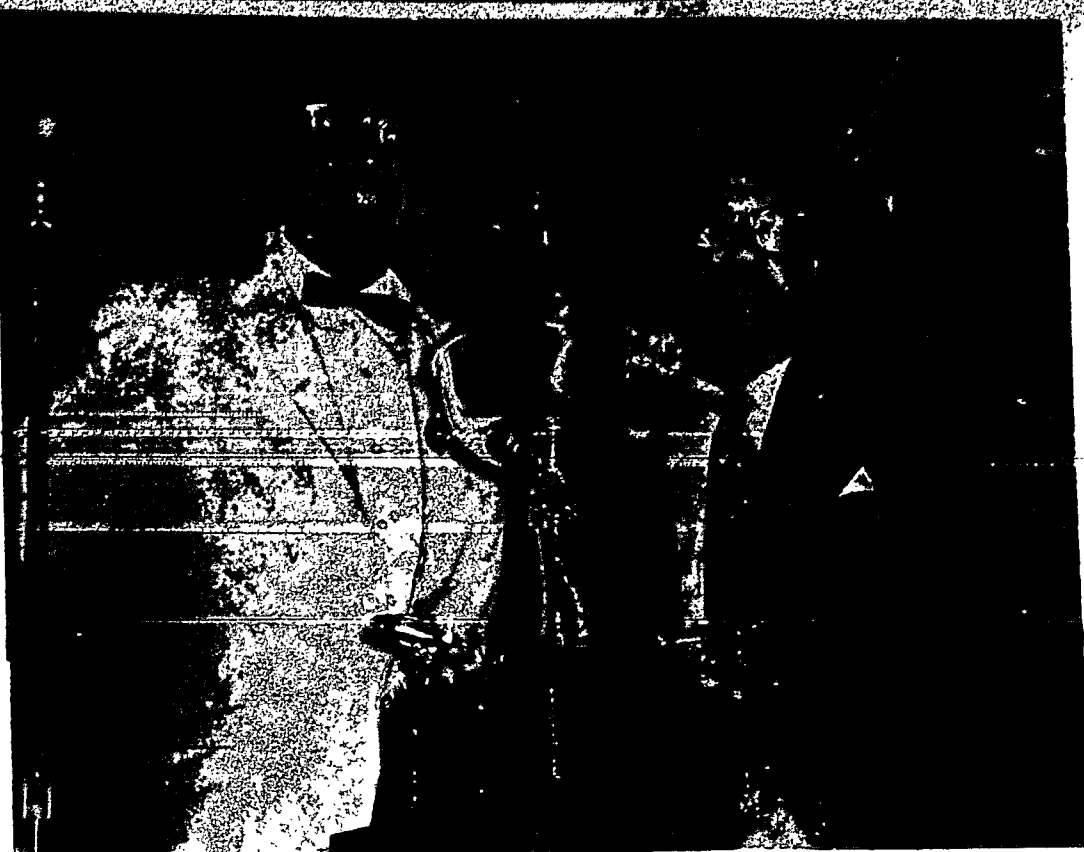

High team three games, Bonanza, 2-1; Tilers, 2-1; single game, Tilers, 7-7; high individual three games, Ned Hest, 3-2; single game, Ray Kidd, 1-0.

RODEO HONORS ORTTE - Commodore Edward P. Orrie of Clermont Harbor, right, president-emeritus of the Mississippi Fishing Rodeo, is presented the Arthur Van Pelt memorial trophy during Saturday night's rodeo festivities in recognition of his leadership and promotion in putting on the event. Presentation is made by Bob Rice, general chairman. Orrie served on the commonwealth committee welcoming Latin-American neighbors Tuesday night for feature attraction of the 1961 rodeo.

## Jr. Sheriffs Widen Little League Lead

The Junior Sheriffs rallied for three runs in the bottom of the fifth and final inning Friday afternoon and edged the Coast Electric-Kids 4-3, to increase their Little League lead. In the second game of Friday's double-header, last-place 7-Up upset second-place Ken's Little Diggers 7-3.

Coast Electric scored all their runs against the Sheriffs in the second inning when, with the bases loaded, leftfielder Leon Favre blasted a triple to deep rightfield. The next two batters went out, however, and Favre was stranded on third base, proving to be the margin of victory.

Although threatening in nearly every inning, Coast Electric failed to score again and in the fifth the Junior Sheriff bats began to roar. Sylvan Ladner led off with a single, Aggie Orr was safe on an error, Dean Taylor tied the game with a triple, and with still nobody down, Danny Krankey brought home the winning run when he stroked a single to left.

Sylvan Ladner was the winning pitcher and aided his own cause with three hits in three batters. Monty Rhodes was the loser.

7-Up scored four runs in the first inning against the Little Diggers and from that point on never trailed. They added two in the second and scored a final run in the third. Ken's left the bases loaded twice. Anthony Ladner was the winning pitcher and Bert Chevris the loser. With the win, 7-Up moved to within one game of third-place Coast Electric.

Last Thursday, Coast Electric dropped a 6-3 decision to Ken's Little Diggers when pitcher Sheldon Bourgeois hit a three-run homer in the last inning. Coast Electric had taken a 3-0 lead in the third on a home run by M. J. Rhodes, a single by David Compretta, a walk, and a two-run triple by Johnny Shar-tuck. Coast Electric starter Jay Warner pitched well but was wild, walking in several runs before David Compretta came in as reliever and was tagged for Bourgeois's roundtripper. Bourgeois was the winner, Warner the loser.

In Thursday's other game, the Junior Sheriffs whitewashed 7-Up 3-0. Danny Krankey went all the way on the mound for the Junior Sheriffs and was the winning pitcher. Al Jacobi was charged with the loss.

### DAV Auxiliary Plans Softball Tourney Sunday

The Disabled American Veterans auxiliary will sponsor a softball tournament Sunday at St. Stanislaus stadium.

Beginning play at 9:30 a.m., Southern Realty will tangle with Krankey; games to follow will be Gulf Coast Express - Bay St. Louis vs. Coast Electric, Tramp vs. Ken and Gulf Coast Express-Pescogoula vs. Knights of Columbus.

Day held the lead in the sunfish class, barely edging his nearest rival, George Morse.

Races will be called the remainder of the week with trophies to be presented on a series basis.

## Heroic History

ON JULY 4, 1776, a courageous band of American patriots defied the tyrannies of a king, revolted high taxation, and declared their liberty and independence.

Dedicated to the ideals that men are endowed with certain "unalienable rights," among which are "Life, Liberty and the pursuit of Happiness," and with a firm reliance on the protection of Divine Providence, they mutually pledged to one another their Lives, Fortunes and sacred Honor.

Patrick Henry delivered his "Liberty or Death" speech, Paul Revere aroused the countryside, minutemen marched under the leadership of George Washington, and the liberty of man was never the same after that.

An impoverished country, sparsely populated, with little to sustain its people but their faith and fortitude, won universal admiration and the respect of the world.

This heroic experience will live in the hearts and minds of men until the end of time. And if the living will re-dedicate themselves to the ideals perpetuated in the Declaration of Independence, liberty will not perish from the earth.

The world's freest and foremost power was formed out of the vision, genius and energy of the fearless and the enterprising. Liberty is a perishable product, preserved only to those willing to fight for it. And unless the Spirit of 1776 is revived the Republic will not endure to prosper and merit the confidence of mankind.

 pital.

Mr. and Mrs. Carlos Lozano,  
 their sixth child and first son,  
 Al, born July 3 at Baptist Hos-  
 pital, New Orleans weighing six  
 pounds. Mr. and Mrs. C. J.  
 Lozano, Jordan River, are pater-  
 nal grandparents.

## Draw Sentences

### On Revenue Charges

Six Hancock County men were  
 sentenced and fined last Friday  
 by U. S. District Court in Biloxi  
 Judge Sidney Mize for viola-  
 tions of internal revenue laws.  
 All were given six months  
 sentences and put on probation  
 for an additional six months.  
 Fines imposed were on An-  
 drew Mitchell, 24, \$100 and \$500  
 suspended; Robert Mitchell, 19,  
 \$100 suspended; Sidney La-  
 Fontaine, 64, \$150, \$500 sus-  
 pended; Clifton O. LaFontaine,  
 41, \$150, \$500 suspended; Mon-  
 te Garcia, 40, \$150, \$500 sus-  
 pended; and Lawrence Carco,  
 40, \$500 suspended.
